Dam: Brush Dale's Brown Eyed Girl NA: 107 Pr I, OFA: Good, Roan (NAVHDA Breeder Award Litter)

Brush Dale's Vanishing Point (Radar) is a handsome-looking roan male. Radar's body proportions look very good and his height is correct. Average build both in bone and muscle. Head proportions are very good. High ear set and dark brown eyes. Neck tapers nicely into the body. Front angulation is very good with legs set nicely under the chest. Front legs straight and parallel. Front feet straight but a little hare-like. Chest depth is very good but the length and bottom line could be longer. Nice, straight and level top line. Pelvis, tail set and length all good and correct. Very good rear angulation and well balanced with the front. Rear feet hare-like.

Very nice heathy-looking coat. Lays flat with medium length. Very good furnishings with exception to excess hair on his feet.
